

WOMEN'S
CENTRE
OF CALGARY

MEMBERSHIP

Fifty memberships in the Women's Centre of Calgary are available. Each member of the Board of Directors of the Centre will hold a membership, and the remaining memberships are offered to women who volunteer for The Women's Centre, and who support our statement of principles as set out below.

Vision:

Women supporting communities, communities supporting women.

Mission:

The mission of the Women's Centre is to be every woman's place for support, connection and community.

Statement of Principles:

1. The Women's Centre offers peer based services and programs where women help women. It offers non-judgemental, non-directive services and support.
2. The Women's Centre is inclusive and accessible. It is available to all women and not restricted by individual circumstance or issue.
3. The Women's Centre services are driven by the needs of the women using the Centre including women in poverty, marginalized women, women in transition and women who have experienced abuse.
4. The Women's Centre supports women's self-determination. It encourages the development and growth of women's creativity, skills, abilities and decision-making capacity.
5. The Women's Centre is responsible to the women who use the Centre, its membership and the community. It provides a place for community building and supports individual growth within the Centre, smaller communities of choice, and the larger community.
