

## **Volunteer committee members wanted – Environmental Issues committee**

We're recruiting members to join our Environmental Issues Committee!

Our Women and Environment program is aimed at equipping women in Calgary with the capacity, agency and resources they need to take part in sustainable development, learn about environmental issues, and work for environmental change. To make this vision a reality, we run monthly Women and Environment workshops, which are a place for women to learn about, and take action on, environmental issues that are important to them.

This work is led and supported by a committee of 8 – 10 women who are passionate about environmental issues, who meet monthly to identify topic and plan Women and Environment workshops. We're recruiting volunteer committee members to take part. Read on below for more information!
